RE: Help my right has been viled, I did appeal it.

I am writing you concerning my illness today I had a meeting with the lieutenant and classification and I told them that I have a damaged liver and the Key program where they have me now is not a good place for me because I am getting sicker by the day. Here in the Norms you have to get up at 7:45 am or you will be witter up and its is always loud so I can't get any rest when I am allowed to sleep. classification and lieutenant told me that if I don't sign the papers by 3:00 pm today I will be sent to the hole which will be worse well I am in the hole for 14 days, they will come and if I don't sign it will be longer I need to be where I can get proper attention. I need to be move out of this Jail they are making me be in place I should not be that I can get proper attention and I am incapable of doing it, Please help me my life is at stake. God Bless you

From David De Jesus

PS. I may fill out the paper's to go to the Key program or stay in the hole, so I don't be lock down its crazy what I saw they are testing me knowing how sick I am. They keep the lights on, you are lock down 23 in 1 you take the meds when they give to you because you can't have meds in the cell, so you are in pain and no help.

They don't care in my health, my safety. They are kill me slowly

Ms Salter said why I did not let no one know the day of classification I said I did and she still did not care what I said, here is a copy's of it.

 Re: Appealing Classifications decision

same day of classifications

There are Two reason for my appealing this matter for one I believe that theres a conflict of Interest with me even being here due to the fact that I have a law suit in progress with the medical staff of this place because of lack of medical attention for my severe medical condition. I have Hepititus C, to the point that I have an infection in my liver so bad that most of the time I can't even get out of the ~~bed~~, because of the pain and thats my second reason. I sincerely and respectfully ask that you reconsider My current classification and consider it possable to send me to sussex, one other reason is that I have co Defends in the Key program and in this Jail and DCC I did let the counselor and other with name. Thank you for your time and consideration.
